General Wood Says Sending Troops to War Would Be Slaughter

(By Associated Press)
WASHINGTON, Jan. 8.—Explaining that his judgment was not influenced by the Mexican situation, Major General Wood, chief of staff of the army, has advised committees of Congress that it should appropriate \$3,000,000 for field guns and ammunition for the regular army and \$3,000,000 for the militia.

"If you sent our troops into war as they are now, without guns or ammunition, it would be absolute slaughter," the general told the House military committee.

"If called into the field suddenly, we should have to go with a very small allowance of ammunition, even for the guns in the hands of the troops, and we should have neither guns nor ammunition enough for our field artillery forces."

General Wood, in a written statement, said:

"We have neither guns nor ammunition sufficient to give any general commanding an army in the field any assurance of success if attacked by an army of equal size which is supplied with its proper quota of field artillery."

AMMUNITION LIMITED.
"It is my belief that no modern war between first class powers will last for one year and unless private manufacturers are now encouraged to manufacture ammunition for our guns, after war is declared we shall not be in a condition to go so until after the war is finished, and the supply of ammunition during the war will be limited to what the arsenal can turn out. At present this is about 1500 rounds a day, running three shifts, and the ammunition under ordinary battle conditions would be fired by eight guns in one day of battle. If guns are not supplied on the battle field with the ammunition which they can reasonably expect to use, they are not efficient and when guns have exhausted the ammunition supplied they are worse than junk, for they must be protected by other troops."

ARMY OF 500,000.

"The war department believes that in case of war with a first class power an army of 500,000 men will be needed to give this country any chance of success against invasion, and that this force will be needed at once. To make it efficient it must be given its proper

KNOWLAND MAY RUN FOR U. S. SENATE

SAN FRANCISCO, Jan. 8.—Hon. J. R. Knowland, the present representative in Congress from the Alameda county district, has returned to Washington to attend the new session of Congress, leaving the matter of his candidacy for United States senator in the hands of his political friends and advisors. Knowland has not made a definite statement as to his candidacy for the upper house of Congress, and while attending to his duties in Washington, will keep in touch with his friends in California, who will keep their finger upon the local pulse. At the proper time a definite statement will be made by Knowland.

The possible candidacy of J. R. Knowland for the United States senate to succeed Hon. George C. Perkins was first mentioned some few weeks ago. That suggestion has reached into every portion of California since that time and Knowland has been in constant receipt of communications endorsing his candidacy should it be finally announced. Knowland is today struggling both in his home county and in the state at large than at any time during his political career.

His sphere of influence has been extending over the entire state of late, and he now occupies a more commanding position in the California delegation in Congress than ever before. This is shown by the general character of the endorsements that are reaching him, for these endorsements are confined to no one particular section of California, but come from the north and south, from the mountain sections and from the valleys. In Alameda county, and in the populous bay district Knowland is "invincible." No candidate can defeat him for office.

During Knowland's short stay at his home on the winter vacation of Congress, he has received many requests that he take a leading part in state affairs in the future and that he request the use of his name as a successor to Senator Perkins.

The congressman, however, has not yet made any positive announcement and will not do so for a time at least. He considers that the pledges of support that he has already received from all parts of the state are sufficient to warrant his candidacy if only personal victory was to be considered, but Knowland feels that he has other claims upon him than his mere political success. Always a Republican, he represents certain political principles in which he believes firmly and he will not sink these principles for any party preference. These principles have caused him to become known as a "Progressive Republican" and these principles must be satisfactory to his party and the people of the state before he begins a campaign for a higher office than that which he now holds.

That the set of the Republican tide is strongly toward the Alameda representative for the United States senator and the present candidacy of the conservative Knowland should be decided to make the canvass. However, he does not

MAKE MYSTERY OF SUICIDE

AUTHORITIES CONCEAL DEATH

Aged Caretaker Blows Out Brains With a Shotgun

Facts Become Known After Two Days; Se- crecy Unexplained

Amma Bray, 72 years of age, caretaker of the A. H. Breed residence, Webster and Orchard streets, committed suicide Tuesday afternoon by blowing out his brains with a shotgun in his home in the large stable at the rear of the residence. The suicide was made public accidentally today through an investigation conducted by the police department, the coroner's office having failed to make public the case.

Mystery surrounds the case, as there seems to have been no reason why the mortgage should have withheld the information. So far as the police have been able to discover, there is no indication of foul play, the case being clearly one of suicide. The funeral of Bray will be held this afternoon and the matter would undoubtedly have become public through that source. The body of the aged man was discovered about 4:30 o'clock Tuesday afternoon by his nephew, W. F. Hobbs, manager of the Webster and Orchard streets residence. Hobbs occasionally visited the aged man to cheer him up, as it was known that he was suffering from despondency.

NOTE ON DOOR.
Nailed to the door of the stable which contained the coachman's rooms was found a note and on the same nail was hung a bunch of keys to the residence and outbuildings. The note read as follows:

"Here are keys to the house and barn. You will find letters in my room."

The letters were addressed to his relatives, his son, Milton Bray, of Palo Alto, and to Hobbs, and told of Bray's despondency over illness and detailed information as to the disposition of his property, which consists of a bank account and real estate in Oakland.

Hobbs found his uncle seated in the

POLICE FAIL TO FIND GIRL

18-Year-Old Miss Goes to College City to Call; Disappears

Groom-to-Be Left Wait- ing at the Ferry Building

When beautiful Anna Ruffino, the 18-year-old bride-to-be, left her intended and her mother at the ferry building, yesterday, she went to Berkeley, according to information received by the police this morning. Through some misapprehension the information was given to the authorities that the young woman, who was to have been married yesterday at Martinez to Giuseppe Masciotti, had mysteriously dropped from sight while the party were waiting for their boat.

It was learned, however, that this was not the case. Miss Ruffino told her fiancé that she wanted to go to Berkeley to visit some friends. She boarded the boat and he waited for her to return. It was when she did not put in an appearance that he became anxious and the police were notified. He has no idea where she can be and neither he nor her mother knows the name of the friend to whom Miss Ruffino desired to pay her visit.

The girl after being sought for several hours, had been seen at the ferry building, where she was waiting for the groom-to-be.

The girl and Masciotti had been sweethearts since they were boy and girl together and both were looking forward to the ceremony. They were to be wedded at the Hotel Martinez and a large number of guests had been summoned to attend the marriage. Miss Ruffino has been residing with her mother, Mrs. Carbarr, at Concord.

This description of the missing woman as furnished the police is as follows: Eighteen years old, five feet, three, 140 pounds, dark hair and complexion, mixed green suit, green hat, velvet, green scarf over shoulders.

Work on Panama- Pacific Is Rushing

(By Associated Press)
SAN FRANCISCO, Jan. 8.—A statement issued today by the management of the Panama-Pacific international exposition shows that 3000 men are now being employed on construction work and that the daily payroll is \$10,000. All the exhibit places are under way and during December a five million feet of lumber was put in place.

President Moore is emphatic in asserting that the exposition will open on time, and that exhibitors will find spaces ready for them in June of this year.

Six thousand applications for concessions have been made, of which only 105 have been allowed. These will expend nearly \$3,000,000 and employ more than 7000 men, it is said.

OAKLAND SECOND GREATEST SEAPORT

Oakland now has the distinction of being the second greatest seaport point, from a marine standpoint, on the coast. This was shown in the latest government report on seaboard commerce, compiled by the war department engineers. San Francisco, in the report, is shown as having a yearly tonnage export and import figure of 262,683,000. The coast cities headed by Oakland are as follows:

Oakland	151,244,950
Seattle	95,048,936
Portland	64,882,008
Los Angeles	47,040,588
San Diego	22,391,481

The figures from the United States reports refer to all water-borne traffic—incoming, outgoing, coast, ocean and river tonnage—in fact, to any kind of cargo carried by the port. The figures show Oakland ahead of Seattle, its nearest rival, by a considerable margin. The report is one of the strongest arguments, according to officers of the Commercial Club for the coming harbor improvements.

Will Secretary of the Navy Josephus Daniels, who came to San Francisco in the case of Lucy Koke Smith and her fiancé, Ensign Alston Simpson, also aid an Oakland girl. He hastened one marriage, has been urged to hasten another, and in the meantime Miss Helen Nicol just as much in love and in exactly the same predicament as the other two girls, may also come under the secretary's eye.

Ensign Simpson, detailed on the Dupont to San Domingo, was engaged to Lucy Koke Smith, daughter of the noted politician. The wedding was delayed while the young officer was sent to the far off station. Then "joy" The secretary let him come back and he married.

There was another office, on the Dupont, engaged to Miss Maynard Marshall, daughter of retired Brigadier General William L. Marshall. This would-be bridegroom asked the same privilege and has been promised that he will marry in the spring.

In the meantime Miss Nicol, daughter of the noted politician, the wedding was postponed when the ship was ordered to Mexico may find hope in the kind secretary's action. He has allowed sailors to leave ships for their weddings on two occasions.

Why not a third? The secretary may take the matter up with his paymaster—or Miss Nicol could make the application herself. Precedent is one of Cupid's best allies—next to kind naval secretaries.

MISSING ON EVE OF TRIP

Police and Friends in Search for Mrs. Edna Mulder

Woman Had Planned to Start on Journey to Michigan

ON the eve of planning a trip to visit her two daughters in Grand Rapids, for which she had been saving her money for many months, Mrs. Edna Mulder, a trained nurse, disappeared mysteriously and the police and friends have sought in vain to find some trace of the woman. Mrs. Mulder disappeared on the evening of December 30, but the report was not made immediately to the police, as her friends thought she might have been called suddenly to take charge of a case.

Mrs. Mulder lived with Mrs. J. A. Logan, 1245 Alice street, and was expected home during the evening. She had been summoned over the telephone during the day to the home of a Mrs. Hearst living in Piedmont avenue. She left the Hearst home during the evening to return to her room at Mrs. Logan's residence, but failed to arrive.

It is believed that Mrs. Mulder had \$25 or more in her possession, as she had recently come from a case on which she had been engaged for some time. Friends of Mrs. Mulder are unable to give any explanation of the strange disappearance.

According to Mrs. Logan, the missing woman had been saving her money for months in the hope of making a trip to Grand Rapids, Michigan, to visit her two daughters. She was about ready to go. Her personal effects, clothes, jewelry and bankbook are at Mrs. Logan's home. She also left her nursing equipment, dress, aprons, cap and thermometer at Mrs. Logan's, so it is unlikely that she was clad on case.

Mrs. Mulder was 35 years of age, 5 feet 6 inches in height, weighed 140 pounds, and was of medium complexion, with dark hair and eyes.

MOYER ON SECRET TRIP TO MICHIGAN

(By Associated Press)
HOUGHTON, Mich., Jan. 8.—Charles H. Moyer, president of the Western Federation of Miners, returned to the copper country today, accompanied by Charles S. Tanner, auditor of the federation, who was accompanied with him on December 24. The men came under guard of deputy sheriffs and will appear before a special grand jury tonight.

Moyer excused himself from seeing interviewers and went at once to a hotel. He pleaded fatigue and his appearance did not belie his statement. Tanner also declined to discuss anything connected with his experiences. A curious crowd gathered at the Houghton station, but caught no glimpse of the men. Moyer and Tanner took refuge in a locked state room and remained there until the train reached Hancock.

MEET BY UNIONISTS.

Several hundred men, evidently union members, awaited Moyer there and raised a cheer as he stepped into an automobile and was whirled away to the hotel. Moyer was accompanied by a bodyguard of men, who were armed with revolvers. Moyer was accompanied by a bodyguard of men, who were armed with revolvers. PRISONER POSES AS OWN ATTORNEY

John Broach Puts Up Plausible Story in His Own Defense.

John Broach, alleged burglar, conducted his own defense in the superior court before Judge Ogden and a jury today in an effort to free himself from a charge of burglary placed against him by the Oakland police. Admitting on the stand that he had served time in the State's prison at Walla Walla, the defendant as attorney for himself showed unusual skill for a layman in handling the case.

With a fair knowledge of court procedure he made his defense on the grounds that instead of having entered a "Twelfth street lodging house" to rob it he had been enticed there by a mysterious woman who induced him to enter a closet and then made her escape leaving him to confront the landlady shortly after.

French cross-examined the witnesses for the prosecution, which was conducted by Deputy District Attorney A. A. Rogers. He taxed the ingenuity of Inspector Richard McSorley in replying to his pointed questions and caused a smothered laugh throughout the courtroom frequently when he seemingly aimed his points.

He asked Mrs. Smith, the landlady who found him in the room, if he had not acted like "a perfect gentleman" when he stepped out from the closet thinking to find the mysterious woman who induced him to enter the room. He "acted like a perfect gentleman," she testified.

In his pockets and that he volunteered to show her producing a bunch of keys and a handkerchief.

"Would I have been producing evidence against myself had I been a burglar?" Could I have framed up such a story on such short notice?" were the points of his inquiry. The defendant then stated that after his explanation to the landlady he had offered to accompany her to the police station, if she insisted.

It was not necessary for her to be short after taken into custody by Inspector McSorley who claimed that he had entered the room through an open window as the dust had been wiped off the window ledge. At noon both sides rested upon the testimony presented and the case was argued this afternoon.

BARNESON GIVES

SON BLESSING

Not Opposed to Marriage Because of the Bride's Position.

SAN FRANCISCO, Jan. 8. — While their friends in San Francisco and down the Peninsula are discussing their marriage which took place on October 28 at Yreka, Lionel Barneson son of Captain John Barneson and his bride are spending their honeymoon in Los Angeles and the southern part of the State.

The announcement of the marriage which was an event of three months ago came as a great surprise to the friends of the young people and to the parents of the bridegroom as well, for they were not taken into his confidence when he finally decided to marry Miss Hazel Hammerson, a Redwood City belle.

Like all good fathers, however, Captain Barneson, who is a millionaire oil magnate and has been identified with the history of navigation on this coast for years has extended his blessing to the young couple. He and his family, at the family home in Belmont, are waiting their opportunity to welcome them home again.

"We were not opposed to our son's marriage," said Captain Barneson yesterday, "nor did we regard the young woman as unworthy of his position. She is an estimable girl as far as we know here, and any view expressed regarding our objection on the ground that her position or her parentage is quite contrary to the fact. For I am not one of the people who regard the accident of birth as superior to what one makes of one's self."

"We were not at home when our son married, and I suppose he thought they couldn't wait, so they were married without us. But we have certainly not taken issue that we oppose the young woman."

Young Barneson is associated with his father in the oil business and has been in the oil fields for some time. His family is prominently identified with the social life of the peninsula and he is a member of the Peninsula Club. He and his wife were schoolmates and their engagement extended over a period of a year.

'ICE KING' ASKS AN INVESTIGATION

Charles W. Morse Alleges That He Was Sent to Prison Illegally.

WASHINGTON, Jan. 3.—Charles W. Morse, the former "ice king," whose operations carried him from the banking regions of New York to the Atlanta penitentiary, is trying to launch a congressional investigation of all circumstances which led up to his conviction six years ago.

Although his plans have not been announced, it became known here last night that he also contemplates suit for damages against prominent New York bankers and other persons connected with his trial and conviction.

Morse was in Washington for a few hours and talked with Senator Borah of Idaho and suggested to him the need for an investigation of his case by a senate committee. Although the Idaho Senator refused to press the subject, the ex-banker is understood to have left Washington still determined to force an investigation.

SENTENCED TO 15 YEARS.

Morse was sent to the Atlanta penitentiary to serve a fifteen-year sentence. After a quiet but persistent fight led by Mrs. Morse and backed by prominent persons, both in and out of congress, his sentence was commuted to expire immediately by former President Taft. Taft acted on the statement of prominent army surgeons who declared that Morse in or out of prison, could not live longer than six months. The prisoner was released from Atlanta within five days of two years ago. Shortly afterward he sailed for Europe, took a "cure" and then returned to the United States.

PLAN EXTRA TUITION OF BACKWARD PUPILS

ITHACA, Jan. 8.—A plan to increase by \$50 per year the tuition of backward students in the Ithaca Central School, Cornell University faculty. In his last report, Professor Charles H. Hill, former dean of the college of arts and sciences, recommended that a student who has failed to pass his examination in all his required work, and who is not so delinquent as to be dropped should be called upon to pay extra tuition.

Pointing out that in ten years 277 students have come under the formal disapprobation of the faculty of the college on account of inferior scholarship, Professor Hill says that much time, energy and money is being wasted by the University upon such persons. Referring to his plan, he says that under it there would be more revenue and fewer undesirable students.

NEW COURSES FOR HAYWARD SCHOOL

Manual Training and Domestic Science May Be Added to Curriculum.

HAYWARD, Jan. 8.—That manual training and domestic science should be added to the curriculum of grammar schools is the unanimous opinion of Hayward Civic Center which has endorsed Principal E. N. Mabrey's stand in the matter. It is likely that the Center's approval of the suggestions made by Mabrey may be the start of a campaign to have these subjects included in the curriculum.

A number of prominent speakers addressed the center this week on the question of teaching manual training and domestic science in secondary schools and all were in favor of this step. Mrs. A. J. Powell, one of the speakers, thought such subjects as domestic science, belonged more to the grammar schools than to the high schools. Others who spoke on the subject were Mrs. E. F. Giddings, president of the center; Mrs. Reuben Mastick, Mrs. N. C. Paddeok, Mrs. George Fowles and Miss Simpson. Should it be decided to teach domestic science and manual training in the grammar school additional accommodation will have to be provided and many of the residents are in favor of Mabrey's proposal that property adjoining the grammar school be acquired as a site for an extension to the school. E. Wilbert, a prominent business man in an open letter, talks of the necessity of the teaching of manual subjects in grammar schools. Wilbert expresses the opinion that should the grammar school trustees decide to acquire the land for the purpose of building an extension to the school they will have the support of the residents.

The firm has asked about San Leandro's suitability as a motion picture center and promised that should the firm locate here the industry will mean a monthly pay roll of from \$4000 to \$7000. Gannon will submit the letter to the chamber of commerce and has written for further information to the company. San Leandro and vicinity possesses many beauty spots which would lend themselves as ideal backgrounds for picture films.

WORK OF MABIE RECEIVES PRAISE

Japanese Ambassador Chinda Says Mabie Aided World Diplomacy.

(By Associated Press)
NEW YORK, Jan. 8.—Viscount Chinda, the Japanese ambassador to the United States, speaking at a dinner given by the Aldine Club last night to Hamilton Wright Mabie, praised Mabie for the work he did while on his recent mission to Japan for the Carnegie Foundation for peace. Mabie made eighty lectures in the universities of Japan during the excitement of the adoption of the California land bill.

HOUSEWORK WALKING TOTALS 400 MILES

VANCOUVER, Jan. 8.—Mrs. C. Cutler, wife of a Vancouver business man, has proved by a pedometer's record that she walks 400 miles a month while engaged in her household duties about her home. Mrs. Cutler obtained her pedometer and started her test just a month ago. She wore the pedometer only when she was at home. Each night upon retiring she set down the record.

BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote Its Growth.

Miss Alice Whitney, a well known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To half a pint of water add 1 oz. of bay rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for sandruff and falling hair."

GROWERS CELEBRATE JACK FROST'S DEPARTURE

SAN BERNARDINO, Jan. 8.—Nature has slipped back into its normal notch, for this week saw the passing of the danger of frost in the citrus fruit regions of California.

Just a year ago the citrus fruit districts of Southern California were smothered in frost. In three days, last year, January 8, 7 and 8, about 15,000,000 worth of oranges and lemons were sent to the mill heaps by Jack Frost.

This year the danger period passed with sunny skies and the temperature an average of 20 degrees warmer than at this time last year. Likewise the second anniversary of the frost of December 28, 1911, passed safely.

Figures from all of Southern California show that the winter of 1913-1914 is the warmest in seven years past. Ten and twelve degrees warmer was this winter's lowest record compared with last winter.

The National Orange Show, to be held in San Bernardino, February 15 to 25, will naturally be the growers' celebration of the return of the normal weather conditions. Last year the orange growers of the state were accorded nationwide praise for carrying through the Orange Show with half the orange and lemon crop of last year.

LABOR SECRETARY AND MINERS' UNION CLASH

GLOBE, Ariz., Jan. 8.—The Globe miners' union, a member of the Western Federation of Miners, last night drew up a letter to Secretary of Labor Wilson, declaring that so far the members had seen nothing in print to justify the secretary's statement before the American Federation of Labor in Seattle that he intended making public a situation which was being investigated, not only to hours, wages and working conditions, but also to earnings of the corporations.

This letter is the third to be exchanged between the union and Mr. Wilson. The president of the union first wrote the secretary, criticizing him for alleged inactivity in regard to the Calumet strike situation. Mr. Wilson replied recently that investigation had been made.

"We wish to state that our knowledge of former strikes, bull pens and methods used by the operators shows it does not require months to secure sufficient evidence to justify federal investigations," reads the letter drawn up last night.

SKULL OF MASTODON IS FOUND ON BEACH

CARENTERIA, Jan. 8.—Mrs. Mary Moop and Mrs. C. C. Cummings of this city, yesterday afternoon found a large mastodon skull lying on the beach. The skull is similar to the one found a short time ago by F. M. Hill and Louis Doerr in the sand dunes along the beach and is about the same size.

The specimen was apparently wrenched from an asphalt bed several feet from the shore, as it was covered with that substance.

BOY AND GIRL LEAP FROM TRESTLE; KILLED

PLUNGE TO ESCAPE TRAIN

Young Couple Fail in an
Effort to Save
Lives

Residents of Oregon Vil-
lage, 17 and 19 Years
Old, Are Victims

(By Associated Press)
WOODBURN, Ore., Jan. 8.—Miss
Fima Summerfield, aged 17, and Mel-
vin Higgins, aged 19, both residents
of Canby, were killed late last night
by jumping off the railroad trestle at
the Mellala river bridge between Can-
by and Earlow, to escape a train.

The couple were walking toward
Barlow on the trestle when the Shasta
limited caught up with them. Both
jumped, one on each side of the track,
and landed about twenty-five feet be-
low.

The train crew found the girl hang-
ing over a fence with life extinct,
while the boy died shortly after being
piled up.

CANTEEN INQUIRY TO REVEAL SCANDAL

British Officers and
Civilians Summoned
on Charges

(By Associated Press)
LONDON, Jan. 8.—Summonses
against 16 British army officers and
civilians were granted today by the
police magistrate at the Bow-street
court. The men are called to appear
on January 17 to answer charges in
connection with the management of
the canteens in army barracks. It is
alleged that a scandal of tremendous
proportions will be revealed in the in-
quiry.

The names of particulars of the
charges were given out for publica-
tion today, but it is known generally
that the army officers concerned be-
longed to the quartermaster's depart-
ment and that all of them have risen
from the ranks. The civilians sum-
moned are clerks employed by con-
tractors.

Systematic bribery is alleged to have
been prevalent for some time. A se-
cret army inquiry showed such wide-
spread corruption that the war office
decided to turn its evidence over to
the regular to inspect legal authori-
ties.

War office officials feared that the
court martial which they had pro-
posed to call would not have jurisdic-
tion sufficiently wide to deal properly
with the scandal.

Vessels, Once Feared Lost, Now in Port

NORFOLK, Va., Jan. 8.—The tug
Edward Luckenbach and the barges
General Knox and Clintonia, for whose
safety grave fears were entertained,
are safe. The barges, in tow of the
tug Edgar F. Luckenbach, were towed
into Delaware breakwater. The Edward
Luckenbach is reported to have put
into Delaware breakwater.

The barges broke away from the
Edward Luckenbach during the recent
gulf storm and were adrift for two
days. The Edgar F. Luckenbach
found the Clintonia off Wachapreague
and the General Knox off winter
quarter.

President Completes Two Weeks' Seclusion

PASS CHRISTIAN, Miss., Jan. 8.—Two
weeks of seclusion were completed to-
day by President Wilson in this little
village. It is the longest period he has
spent away from Washington since he
took office. So carefully has Wilson fol-
lowed a consistent program of work
portrayed with exercise and rest that
the people of this section hardly realize
that the president of the United States
has been dwelling among them.

He has caught up with neglected
details in his study of subjects thrust
aside in the maelstrom of the tariff and
currency agitation and he will go back
to the capital with his mind made up
on many subjects of prime importance.

Makes Her Social Debut Miss Edoff Is Debutante

Several hun-
dred members of the
smart sets of Oakland
and the bay cities
called this afternoon
at the home of James
P. Edoff in Piedmont
to offer their con-
gratulations to the young
daughter of the house,

who this afternoon
was formally pre-
sented to society by her
sister, Mrs. George
Porter Baldwin. The
Edoff home, which is
one of the attractive
residences of the hill-
side district, presented
a beautiful setting
every corner of the
home being filled with
the lovely floral gifts
sent by the girl friends
of the young debu-
tante.

The novel feature of the
coming out of Miss
Edoff this afternoon
was the pretty idea,
which was carried out,
the young debutante
carrying a beautiful
bouquet at inter-
vals different bouquets
which were sent her
by her young friends.
This act of apprecia-
tion was the latest
fad in the East.

The living room,
where Mrs. Baldwin
and her sister, Miss
Edoff, greeted their
guests was a mass
of blooms of every
color, the prevailing
color being pink. Miss
Edoff was a picture
in her dainty gown
of white, veiled in the
sheerest of tulle and
embellished with de-
licate shadow lace. The
bodice was embroide-
red in pearls and
rhinestones. Her
sleeves were of a
delicate shade of
pink, and she wore
a delicate chain of
blue and white. The
gown being quite
Parisian in its
dainty harmony of
coloring, the prevailing
bouquet of orchids
completed the cos-
tume.

TREES AS DECORATIONS.

On the sunporch were trees of acacia
and in the library pink Kilmorye roses
were placed in great bunches in beau-
tiful glass vases. The dining-room
white tea was served with artfully
arranged Maryland roses being used in
the dainty effects of the table and sur-
roundings. Those presiding at the
tables were Mrs. William Sharon, Mrs.
J. B. Richardson and Mrs. Thomas Cog-
hill.

Following the reception, which lasted
from 4 to 6 o'clock, seventy-five of the
younger set remained as the guests at
an elegant dinner. This evening Miss
Edoff will entertain her young friends
with a dancing party and supper will be
served later in the evening.

Among the beautiful gowns worn
by Mrs. Thomas Watson Cushing looked
stunning in a suit of purple velvet
trimmed with bands of black fur.

Mrs. Harry Farr wore a becoming
gown of blue cloth with an overdrap-
ing of black net beaded in pearls.

meuse veiled in black chiffon, the tunic
beaded with crystal beads.

with a black and white girle. Her cor-
sage was wild flowers to harmonize with

SEEK TRUNK TO EXPLAIN SLAYING

Mrs. Cox Sent Away Letters in
It Before Killing
Melton.

Murdered Youth Son of Clergy-
Man; Couldn't Marry
Woman.

(By Associated Press)
LOS ANGELES, Jan. 8.—Convinced
that Mrs. May Graves Cox killed W.
M. Melton primarily because he could
not redeem a promise to wed, and
that she also took the life of her
daughter Florence because the girl
had shared Melton's affections with
her mother, the police confined their
investigation of Tuesday night's hotel
tragedy today to a search for a trunk
which Mrs. Cox sent to Yuma, Ari-
zona, and a letter which is said to
have been mailed to San Francisco a
few hours before the double murder
and suicide occurred.

Three items of information recently
obtained by Mrs. Cox precipitated the
tragedy, these were:

The discovery that Melton, who
was the son of a Spartansburg, S. C.,
clergyman, had a wife living in Los
Angeles and therefore could not marry
her.

ATTRACTED BY DAUGHTER.
That he was shifting his atten-
tions to Mrs. Cox's pretty 16-
year-old daughter Florence.

And the discovery that Melton,
although once well-to-do, had
sustained losses which reduced
him to the necessity of negotiating
small loans.

Mrs. Cox received the trunk Tues-
day. She packed into it a large num-
ber of personal articles and letters
which the police believe would reveal
many new hidden circumstances con-
nected with the tragedy and then sent
it to Yuma, just before Melton called
at her apartment in compliance with
her demand that he come and see her.

The letter, which was addressed to
San Francisco and mailed Tuesday
evening, the police also believe con-
tains much relative to the motives
that impelled the woman to kill Mel-
ton and her daughter and then com-
mit suicide.

German Officers Are Sentenced to Prison

(By Associated Press)
STRASBURG, Germany, Jan. 8.—
"Very light sentences" were proposed
today by the prosecutor in the cases
of the German officers now under
trial for illegal assumption of authori-
ty in connection with the Zabern in-
cident.

At the conclusion of the testimony
and the pleas for the prosecution
and defense, the judges, who were
acting as prosecutor, suggested that Col-
onel von Reuter, commander of the
Ninth-ninth Infantry, should be sen-
ted to jail for seven days on the charge
of wrongful imprisonment. For Lieu-
tenant Schach, he said, a sentence of
three days in jail for assault was suf-
ficient. The other charges were
dropped.

RAIL IS "SHORTED" BY POSSUM; ENTIRE CANAL WORK HELD UP

(By Associated Press)
WASHINGTON, Jan. 8.—The story of how an opossum seriously de-
layed work on the Panama canal is being told here by Lieutenant-Col-
onel Chester Harding of the army, now engineer-commissioner of the
District of Columbia, who saw more than five years' service on the isth-
mus.

According to Colonel Harding the opossum crawled into a tunnel on
the so-called automatic railway and thereby completed the circuit be-
tween the two rails. It was a long time before the trouble could be
located and, in the meantime, the railway was out of commission. Finally,
after considerable trouble, the carcass was discovered and opera-
tion of the railroad resumed.

SEEKS PARDON AFTER DOING 20 YEARS

Frank Shercliffe, Confined De-
spite Confession by An-
other, May Be Free.

Warden Is Seeking Immunity
From Prosecution in Any
Other State.

(By Associated Press)
DENVER, Jan. 8.—Once more the
case of Frank Shercliffe, convicted for
the murder of John Walsh in Lead-
ville in 1893, and whose career of al-
leged crime has started many states
of the Union, is to be heard by the
board of pardons and paroles, with
recommendation from Warden
Thomas Tynan and other state
officials that Shercliffe be given an
absolute pardon and protection from
further prosecution by any other state
in the nation. Friday has been set
for the day of hearing.

In spite of a written confession
signed by Daniel L. Pickens of Den-
ver that he, not Shercliffe, killed
Walsh, the Leadville saloonkeeper,
Shercliffe has been held in confine-
ment. It was said that Shercliffe's
oath of vengeance against Thomas
Dennison, a prominent resident of
Omaha, has been responsible for lack
of favorable action on his application
before the board of pardons and
paroles, which was filed and has been
held in statu quo since 1911. Denni-
son himself, it is said, was most ac-
tive in the trial which led to Sher-
cliffe's conviction and in securing
postponement of hearings on the
warden's application. Tynan, how-
ever, has told the board that he
personally will guarantee that Sher-
cliffe will renounce his oath.

CAREER WAS DRAMATIC.

Shercliffe's career after the murder
of Walsh was full of dramatic in-
cidents. He left Leadville immediately
after the murder and roamed over the
southern part of the nation under the
name of Sherman W. Morris. In 1905
he married a young woman from
Iowa, and she, Mrs. Mae Morris, ob-
tained a divorce from him in Des
Moines in 1910, two years after he
had been arrested, tried and acquitted
of the murder of Walsh. He then
joined up as a private in the Great
Northern Limited passenger train in
Minnesota. This robbery occurred in
1908 and shortly after Shercliffe was
thought to have been identified in
another highway robbery in Montana
and the authorities at Butte have
wanted him ever since.

CONVICTED OF MURDER.

After the trial of Shercliffe in Min-
nesota he was turned over to the
Leadville authorities, tried and con-
victed of the murder of Walsh. He
was sentenced to the state prison for
25 years, and while en route to Canon
City under care of Sheriff Bonner,
Shercliffe jumped from the toilet
room window of a speeding train and
began his fugitive wanderings again.
Three years later, in the latter part
of 1911, he was apprehended in the
state of Colorado.

Warden Tynan declared in his
recommendation for pardon that
Shercliffe had been a model prisoner
and that his further detention would
be a gross injustice. The warden be-
lieves him guiltless, not only of the
murder charge upon which he was
convicted, but of all of the many
other crimes which he was alleged to
have committed, and urged the
pardon board to specify, in event of
his release, that he is to be exempt
from extradition.

Decoy Package Lands Italian Black Hand

(By Associated Press)
NEW YORK, Jan. 8.—As he
reached behind a mail box in a roll-
ing mill here this morning and
grasped a decoy package left there
by county officers, Dominic Lombardi,
a young Italian workman, was ar-
rested and hurried before a magis-
trate, who held him in \$5000 bail for
hearing before a grand jury to James
Greco, a wealthy Italian merchant.

Depressed Letters on Nickels Suspected; Weren't Counterfeit

(By Associated Press)
CHICAGO, Jan. 8.—Hundreds of
persons yesterday became suspi-
cious of the new issue of Buffalo
nickels with depressed letters
around the edge, and telephoned to
banks and the United States treas-
ury here to ask if they were
counterfeit. They were informed
that the nickels with the depressed

letters about the edge,
thereby lessening the time the coins
could be used, as the letters would
soon wear off. In many instances
stores and street car conductors
refused to accept the new issue,
believing them to be counterfeit.

DURST ESTATE GOES TO WIDOW

Will of Late Hop King Is Filed
for Probate by Sole
Executrix.

Disposing of an estate valued at
\$1,000,000, the will of the late Mur-
ray H. Durst, California hop king,
who died in Alameda on January 2,
has been filed for probate in the Su-
preme Court by the widow, Edith Min-
nie Durst, who is named as executrix.
The entire estate is bequeathed to the
widow and the income is to be used
by her and the three children as she
may see fit, with the provision that
upon her death it is to go to them. Should
Mrs. Durst remarry, she is to have
the income inalienably. The executrix
is given full power to dispose of any

PLAN DISPOSITION OF WESTERN UNION

Tentative Proposals Are
Made in Telephone
Proceeding

(By Associated Press)
NEW YORK, Jan. 8.—Preliminary
plans for the disposition by the so-
called telephone trust of its \$29,000,-
000 worth of Western Union stock
were under consideration today by
G. C. Todd, assistant to Attorney-
General McQuinn, in charge of the
prosecutions under the Sherman anti-
trust act. Mr. Todd listened yester-
day to tentative proposals from E. C.
Kingsbury, vice-president of the
American Telephone and Telegraph
Company, relating to the disposition
to be made of the Western Union
stock.

Although the present negotiations
have not reached the stage where a
policy can be outlined, it is known
that the attorney-general and Mr.
Todd would oppose a prorata dis-
tribution of the Western Union shares
among stockholders of the American
Telephone and Telegraph Company.
They take the position that this case
is greatly different from that pre-
sented by the Union Pacific and the
Baltimore and Ohio,

THIS YEAR WE MAY EXPECT AS USUAL.

P.A.A. Tourney Opens This Week With Local Teams in Fine Trim

WHEELMEN DEVELOP WRESTLERS
COAST TOURNEYS TO BE ENTERED

AL LAVENE, WRESTLING INSTRUCTOR FOR NEW ATHLETIC CLUB, WHO BOOSTS ANCIENT SPORT.

By AL LAVENE.
(Wrestling Instructor Oakland Wheelmen's Club.)

The sport of wrestling, handed down to us from the pages of history, is one of the oldest and at the same time, the most fascinating, sports on the athletic calendar. The mere fact that professional wrestling, through the east, has been brought into disrepute by grafting promoters and a few conscienceless "wrestlers" should in no way cloud the public regard for clean and sportsmanlike men of the mat, particularly the amateurs who are in the game because they find it so valuable a means of developing muscle and skill. Wrestling possesses all the desirable features of pugilism without its undesirable distinctions. Coolness of judgment, endurance, nerve, skill and strength go to make up the successful wrestler.

It is to the true amateur and the lover of clean wholesome bodily exercise that the Oakland Wheelmen's club intends to appeal when forming its classes in wrestling. We hope to develop wrestlers who will be able to meet on the mat with the best men put forward by the San Francisco, Sacramento, Los Angeles and Portland clubs. Oakland has not been represented in these tourneys properly for a long time and it will be my object to see that hereafter we will be properly represented.

All candidates for Alameda and Contra Costa counties division No. 4 may secure their blanks from the office of THE TRIBUNE, the Oakland and Berkeley Y. M. C. A. All entries must be sent to the chairman, W. L. Seawright, physical director of the Y. M. C. A. and secure their blanks from the office of THE TRIBUNE, the Oakland and Berkeley Y. M. C. A. A large entry list is anticipated for there are a large number of teams training faithfully and the new method of organization yields great opportunities for every one to participate. The championships will be pulled off in nine sections of the state and at the conclusion of the divisional championships semi-finals will be played for the elimination until the premier teams prove themselves deserving of the beautiful trophies to be presented by the Y. M. C. A. federation.

The Allendale 120-pound basketball team won another victory Tuesday night when they beat the Y. M. C. A. 120-pound team with a score of 25-15. In the latter's gymnasium. The Y. M. C. A. basketball team in this region before they were put against Allendale.

It was a hard fought game with lots of exciting plays, but the superior ability for shooting baskets, of the Allendale forwards won the game for them. The Allendale team has now a record of winning eight games and losing one.

Basketball games are wanted by the sportsman team of the San Francisco Turnverein. Arrangement may be made with E. F. Wilkins, 2308 California street, San Francisco.

The Olympic club basketball five will play St. Mary's college next Monday evening.

The Olympic Club basketball team, composed of players Y. M. C. A. and San Francisco Y. M. C. A. will probably tour the Northwest and play thirteen games with the crack teams of that section.

NAVY BOXERS HAVING
HARD TIME TO
BREAK IN

Heine Miller Vainces Complaint in Which There Appears to Be Some Merit.

By THE TIMEKEEPER.
EINE MILLER, sport-

Navy," the standard magazine of the U. S. Navy, writes to us at length, voicing a complaint that navy fighters are being discriminated against in the matter of matches, and wants to know why it is that they can't

So far as the navy is concerned there is no intentional discrimination against navy fighters. There are several reasons why sailors are not sought by boxing promoters. The chief reason being that competition is so keen amongst the professional boxers for places on the bay region cards that the manager and the boxer who are on the ground get to the promoter's assistance.

Here, in Oakland, the West Oakland club seems to have gone permanently to sleep leaving the Oakland Wheelmen's club a monopoly of one card a month. There are, however, on the Wheelmen's cards one main event and four preliminary bouts. When it is considered that there are ten or twelve managers and about thirty preliminary boxers in Oakland and camping continually on the heels of Jimmy Rohan, probably it can be seen why the Mare Island boys don't get much consolation.

Peterson, by the way, has just returned from a summer tour to help him choose a few fight promoters before he could get bouts. Had he not come personally to Los Angeles he wouldn't have got the Clabby bout.

Heine Miller's letter is as follows: Vallojo, Jan. 3, 1914. The Timekeeper, OAKLAND TRIBUNE, California.

Your recent article in re Gunboat Smith, and the failure of the sporting public to recognize his true worth was read with much interest and approval at the Mare Island station, where many of the gunner's shipmates are still in the service. There seems to be a general impression among navy boxers that it is mighty hard to get a "square deal" on this coast.

Several of the boys on board here have asked me to call your attention to two boys up here who are trying their utmost to get bouts in Oakland and San Francisco.

Battling Frankie Kirk, the lightweight champion of the navy, is very anxious to get on in San Francisco. Kirk's only two successful bouts were won at the hands of Willie Hoppe, when Kirk fractured his right hand in both bouts and lost decisions. Kirk has knocked out such boys as Hooty Hayes, Jim Hopson, and scored a decisive four-round victory over Willie Robinson in San Francisco some few months ago. Kirk has fourteen straight knockouts to his credit and is a very fast and powerful fighter. He is willing to fight any lightweight on the coast, under any conditions the promoters may name. Why is it he cannot get bouts, when a boy like Hopson is getting matches as right as rain? Kirk recently beat Jimmy Drexel in every round of a four round bout and was handed a draw for his showing. All the papers pronounced the referee a "sucker" for a small purse because he was not a better match if he showed good against Drexel; the "better match" was not being forthcoming.

Another fellow, featherweight champion of the navy, was asked to make his first showing in Oakland or San Francisco against Frank Rome (a mighty good boy to start in on). Heine Miller, a small man, was asked to make his first showing in Oakland or San Francisco against Frank Rome (a mighty good boy to start in on). HOWARD'S TENTATIVE
LINE-UP SAME AS
PUBLISHED

(By BILLY FITZ.)

Del Howard's tentative lineup as he has given it to the press is practically the same as published in THE TRIBUNE. Two weeks ago the exception that Del Howard threatens to play first himself if he can get in condition. The probability is, however, that Del will seek the bench after the first month or two and turn the job over to Hoffman.

Del's menu card:
Pitchers—Danning, Lelfield, Charlie Baum, Standridge, Hughes, Pernell, Arlett and possibly Overall.
Catchers—Schmidt, Clarke and Sepulveda.
First base—Hoffman or Howard, probably Howard.
Second base—Charles or Downs.
Shortstop—Corhan.
Third base—Leary.
Utility infielder—Cartwright or Downs.
Outfielders—Hoffman, Schaller, Mun-dorf and Hogan or Tobin.

News that Art Krueger has joined the Kansas City club of the Federal league is surprising only in that the Federals should want him. Krueger was about through on the coast.

Del Howard was not able to connect the name of Overall in 1914 contract. If the pitcher does not come to terms by January 20, Howard will give up the New York club and go into the saloon business with him.

San Francisco scribes are just beginning to tangle with an impending deal which we touted in this column several weeks ago. That is the transfer of Canther Schmitt to the Boston Nationals for Catcher Bert Whaling and Pitchers Bobby Keefe and Hughes.

Frank Decandiera, the eccentric south-paw, will start the season with Venice, having been loaned to them with Sacramento and Seattle before heading out.

The probability is that Devil's advice regarding a training camp will be secured by wire and a decision reached in a few days as it will be necessary, if Pleasanton is selected, to give the townsmen advance notice so they can make improvements. It is fairly well established that the Oaks will spend a few weeks in camp, anyway, before trying the home practice stunt.

The Ashley Pop deal, predicted a week ago, has been consummated. The former Oakland pitcher was traded to Victoria for four players—Floyd Brown and Louis Lumbers, pitchers, James Cornish, shortstop, and Frank Shaw, first baseman.

FITZ NOT AS LUCKY AS
OLD DOBBS

Bob Fitzsimmons, the ex-champion heavyweight and without doubt one of the greatest fighters that ever trod an arena, was not as successful in trying to make a comeback at the age of 51 years as he was in his youth. The colored fighter of Minneapolis, who has been in the ring for nearly half a century, has decided that he will hang a defeat on the white ropes in one ring and wanted to be a good club night select during January, but the boxing commission decided that Fitz, even with all his fighting ability, was too old to re-enter the ring. They put up the bars, Bobbie, who is nearly the same age and who has been fighting on and on during the last 30 years, made a "comeback," not long ago at Englewood and a year ago he fought the Danish champion, Waldemar Holberg, and lost a point decision after 10 hard rounds. He gave it up for a time, but not long ago he tackled another Swiss boxer and had the satisfaction of winning on points in 10 rounds. However, it is not likely that Bobbie will tackle the same any more, for he was about all in during his last battle and he has decided that he was through for all time as a fighter. There are few fighters nowadays who are able to put up any kind of a battle after passing the 40-year mark.

WELL KNOWN TURF-
MAN NEAR DEATH

NEW YORK, Jan. 3.—John Hunter, one-time president of the Jockey club, and known to racing men throughout the country, is today critically ill at a hotel here. He is 80 years old, and his illness is incidental to his advanced age. Hunter succeeded August Belmont to the Jockey Club's presidency. He returned in 1894, his resignation causing a storm in national racing circles. Up to 10 years ago he continued his patronage of races.

SECOND CLASS NIGHT.

The second class night of the Wheelmen Athletic club has been a success. The three instructors will have their classes out.

Freddy Welsh Is Also
Tango Star

NEW ORLEANS, Jan. 3.—Joe Mandot is not the only lightweight who believes in the tango as an aid to training. Freddy Welsh likes to tango so well that he is frequently seen at one of the popular night restaurants, and when Freddy has the floor the majority of the other dancers stop to watch him. His good looks, good tangoing, cheery disposition and intelligent conversation have led him into the highest society that frequents the cafe after the theater. He spends an hour this way nearly every evening, out of course, has wine and all alcoholic drinks from his menu. While Freddy is training and tangoing in New Orleans, Mrs. Welsh is making a tour of the world. She is now in Australia.

GOSSIP OF FIGHTERS

The latest story in pugilistic circles is that a half dozen managers and their proteges have started a "legitimate lightweight trust" for the avowed purpose of keeping the class of lightweights in the classes of lightweights. Ad Volgaist, Joe Rivers, Joe Mandot, Johnny Gilbert, Calcutt, a Boston boy, who is declared to be in on the compact. They seek to boycott all boxers who do not fight at 135 pounds ringside.

The yarn about Joe Azevedo being in love and anxious to marry the girl manager of the Sacramento team, who is paying more attention to his training than anything else. To look at Joe going through his paces at the gymnasium would lead one to believe that his principal aim in life was to knock Frenchy Vaise's block off rather than slip a preacher some of his handkerchiefs to tangle him up in double.

Reports from Joe Miller's Colma camp state that Vaise is working fine and feels confident that he will hang a defeat on the Sacramento lad. It takes a lot of work to put Vaise on edge but Manager Joe O'Connor has had the lad in training for a couple of weeks and he is looked upon as a good thing by many of the San Francisco fans. Vaise thinks he should have received the decision the time he boxed Azevedo and promised to make sure of the verdict this time by putting over the big welter.

Should this man's event not come up to expectations, and there is little doubt that it will, the preliminaries look like the real tobacco. From the Jimmy Fitzsimmons-Evans bout, everything complete for the reception of a large number of fans for the final appearance of the Originals in Oakland. SIX HUNDRED HORSES AT CHARLESTON AND SPORT BOOMING

J. O. Talbot, Denver Horseman, Enjoying More Than His Share of Success.

(By JOHN D. CAWEIN, TRIBUNE COR.)
CHARLESTON, S. C., Jan. 3.—The week here was ushered in with typical California winter weather. It rained on Sunday night and continued lightly until Christmas eve, developing into a deluge that made the roads very slippery. As a result of the disagreeable weather the holiday crowd was not what it would have been had the weather conditions been more propitious, which was evidenced by the large attendance both Fri-

day and a special sunrise dispensed the chili and champagne. The program was a continuation of the high class order which has characterized the meeting since its beginning, and will continue to obtain until the end, insuring an order of sport equal to any on the metropolitan tracks. There are over 600 horses at the track of all degrees of excellence and every race programmed develops an entry list both numerous and balanced. This not only proves the foresight and judgment of the officials in charge, but the wisdom of the management in its selection of efficient collaborators.

Owing to the miserable track conditions Thursday the Christmas handicap divided to eight eight starters out of a posted eighteen acceptances. The \$2000 event was handled by the Beverwyck stable's entry, Rindling, who was a complete winner. Sir John Johnson second.

J. O. Talbot, the Denver horseman, is meeting with more than his share of success. Saturday he saddled three winners. Feather, Duster, Monocacy and Frank Hudson. This was the second win of Feather Duster this week, he having won the mile event Tuesday.

Up to date the booking contingent has had a tough time of it. Tom Shaw is reported some \$20,000 to the bad while Billy Engstrom and Tanke, two other big operators, are heavy losers. Nearly every one of the "chick" and "cherry" tribe who have essayed booking have found it expensive.

Bert Claypool, an old time sheet writer, died at the St. Francis hospital here last Sunday night. The remains were shipped to Columbus, Ohio.

Chas. Pettigill who for a number of years was one of the judges at the Emoryville race track is one of the stewards at Palmtoe park.

C. W. Primrose, a familiar figure on every race course and at one time manager of the beach race track, is here dispensing his genial personality and incidentally gathering a few "shekels" as an official cashier.

Steadfast which won the initial event Friday, was the first of a series of winners so far at this meeting. As good as 75 to 1 could be obtained and many a book record having 10 to 1 to show.

Frank Chas. Pettigill, who for a number of years was one of the judges at the Emoryville race track is one of the stewards at Palmtoe park.

The appointment of the Colorado Race Commission by the governor of that state has caused the removal of a meeting at Denver. It is said that H. J. Wilson of Butte, Mont., will have the management, and also that he will put a considerable amount of money in a new track if he is assured fair treatment by the commission.

CARPENTIER MAY BE MAKING MISTAKE

It looks as though Georges Carpentier, the French champion, is going to make the same mistake that a great many other white boxers have made in the past. He is going to fight the colored champion, Joe Louis, in London, because he is so sure of himself that he will be able to handle him. He is so sure of himself that he will be able to handle him.

Joe Louis, one of the greatest fighters who ever put on a glove, was of the same frame of mind, and went out of his class to tackle all the heavyweights in the business. He was so sure of himself that he will be able to handle him.

Carpentier may be a wonderful fighter, but it looks as though he is making a mistake in going against such hard game and giving away that amount of weight. Of course, if he can defeat Joe Louis, he will be hailed as a world's champion, that is, among the white men.

FAST TROTTERS ARE SOLD TO MURPHY

GALLEGOS, Ill., Jan. 3.—Tommy Murphy, the prominent American horseman, has negotiated the purchase of two fast trotters from the estate of the late H. Smolinger. It was announced here today that the two horses, a bay and a black, which swept the Great Western Circuit of stakes during the past season without losing a race, and Belford Belle, 2:06 1/2, were the animals disposed of. It is said that Murphy represented an Austrian syndicate. The record price of \$12,000 was paid for Lulu Lumine, and \$9000 for Belford Belle.

RULES COMMITTEE TO CONSIDER CHANGES IN BASEBALL

Trapped Ball, Balk Rule and Intentional Pass Up for Consideration.

Miller Huggins and his associates on the rules committee of the National League are already taking under advisement a number of "hot" items of the national game.

Among the points to be considered by the committee are the following: The "intentional" pass. The trapped ball. The balk rule.

Walking the dangerous batter at critical times is one proposition that can not be properly restricted, it is feared. Nevertheless Hank O'Day, a member of the rules committee, is in the limelight with the suggestion that the way to accomplish the result is to limit the width of the catcher's box.

O'Day figures that by making the box narrower the ball would necessarily be hurled near enough for the batsman to at least make an effort to hit it.

No other suggestion made in this connection has been given much consideration, as all compelled the umpire to decide when the pitcher was intentionally pitching wide and when not.

THAT BALK RULE. The trapped ball has always caused umpires worry, and a more specific definition of the play is desired. The balk rule change asked because of a peculiar play that happened during the season when a liner dropped the ball while winding up for the pitch.

Under the National League rules the only way this play can be judged is to call it a balk, and let the runners advance a base. This is a palpable injustice, as the mischance was not a "balk" in the spirit of the term, and the ruling caused an unfair penalty against the pitcher.

A PECULIAR CONDITION. Under the present rules the catcher's interference with a batsman is penalized by giving the batter his base, the other runners retaining their old positions unless the bases were all occupied.

The weakness of this system was shown in a game last season when with a man on third getting ready to steal home or score on a squeeze play, the catcher cleverly tipped the batter's club in plain view, causing him to foul the ball.

In the future it is proposed that all runners, when a catcher interferes with a batsman, shall advance a base in this way being the only way in the manner described will not be permissible.

BOXERS CAN WEIGH IN PRIVATELY AT NEW YORK

The Boxing Commission of New York State has decided that hereafter all weighing of boxers will be done in a private place and under the supervision of the commission and the commissioner shall have access. This is the result of some boxers in New York protesting against public weighing, because as Paddy McFarland did in Milwaukee when he fought Jack Britton recently.

The kick does not seem to be well founded. The public has a right to see that the men whom it is paying money to see and on whom it may be wagering, are in the condition they claim to be in. Had Bud Anderson been compelled to weigh in at a public resort in Los Angeles and also in this city the fans would have tumbled to him long before, and he would have been boxing in the class in which he belonged.

Of course in states where a state boxing commission has complete jurisdiction there may not be so much danger in the matter, but in California, the more public the weighing and weight conditions, the better for the sport.

OAKLAND YACHT CLUB ELECTS OFFICERS

The Oakland Yacht club, incorporated, at the annual meeting of the club held at Washington hall, elected the following officers, after a spirited contest: Commodore, E. E. Shaffer, vice-commodore, Bert Watkinson, secretary, Robert Judge, treasurer, A. T. Lambourn, club captain, E. E. Shaffer, club secretary, Wm. E. Scully, Frank Blittington, E. La Costa and Harry Pulver; regatta committee, Fred Scher, Jack Sherry and F. Blittington.

The new officers of the club were installed by the retiring commodore, H. E. Shaffer, after which refreshments were served and a general good time.

Several new members were received and the club was the first year of its existence has reached a membership of 145.

FED CONTRACTS HAVE RESERVE CLAUSE

The Federal League form of contract, which has been received, contains a reserve clause and a ten days release notice. The reserve clause stipulates that in return for one-third of the salary named in the contract for 1914 the player agrees to give an option on his services for 1915 for the same compensation. This clause differs from the reserve option in the organized baseball contract, which does not specify the amount of the salary to be paid the following season. The ten days notice is a copy of that in the National and American League contract.

"LITTLE SIX" TIPS TO PITCHERS

Christie Mathewson Jr., aged 7, "Little Six" son of the world-famous "Big Six" pitcher, the celebrated baseball pitcher who was one of the great pitchers of the National League.

"Little Six" says: "My papa says you've got to learn to throw the ball, else, you're going to be a pitcher. You've got to practice your curves every day."

"And my papa says, too, that you have to learn to throw the ball, else, you're going to be a pitcher. You've got to practice your curves every day."

TOURNAMENT AT ATHENS IS POSTPONED FOR ONE YEAR

Experts, Admitting American's Superiority, Still See Hope for Europe.

American track athletes have two years in which to prepare for their next European invasion, instead of only one, on account of the postponement of the Olympic games. Although it had not been expected, the United States would send a large team to the Greek games, a small squad, made up principally of New York Irish-American Athletic club stars, had prepared for the invasion. With Germany and Sweden

the Greek games were called off, and no invasion called for until America could be represented by its strongest possible combination.

LOOK ON AMERICANS AS FAVORITES. Americans have won past Olympic games with such consummate ease that the possibility of defeat in the future never has been seriously considered. Track experts admit United States ought to be favorite in 1916, and probably will win fairly easily, but the time is coming when the United States cannot take any chance of being defeated.

The rapid strides made by Europeans in athletics have been the subject of comment since 1912, and if the improvement from 1912 to 1916 is as great as that from 1908 to 1912, Americans have their own work cut out for them to continue in their supremacy.

It is improbable that any Olympic games ever will be held in the United States in this generation which can compare with the European affairs. Those near the top of athletics here realize this and are working for the future. It will not be until European countries are strong enough to have more than an even chance of triumphing America that they will undertake the costly task of sending big teams.

CONTINUED CHOICE OVER ENGLAND. European countries are expected to give America a better fight for honors in 1916 than England, although the latter country has been regarded as our chief opponent. Germany and Sweden, especially the latter, are bound to give the United States a race fight for honors in many of the events. In Sweden the new athletic regime instituted by Ernie Hjertberg will have had nearly eight years in which to prove itself worthy.

Hjertberg is generally regarded as the most successful coach in Europe. Instead of attempting to build up a winning team for the 1912 Olympics, the Swedish tutor began from the ground up. Instead of selecting the best athletes as "natural athletes," he started "schools of form," in which young men and even boys were taught the American methods.

As a result much of Sweden's competition in American events is directed toward form rather than results. For instance, a man in the high jump who leaps 5 feet 8 inches may be declared loser to one who jumps 5 feet 6 inches, the latter more nearly approaches the American "form" in his leaping.

GERMANS STAR ATHLETES. In Germany, Art Kraenzlein is sure to have success. He will not have to build up his team, for he has already built it without further training. He merely will be forced to direct their energies and abilities into new channels, and to teach them to compete for the 1916 Olympics. Without efficient training, Germany in 1913 produced two wonderful athletes in Braun and Lelsche, and with proper directions, the subjects of the Berlin games, the German team will be a more nearly approaching the American "form" in their home games.

Experience is another factor which is sure to help the Europeans. Pitting European athletes against the 1912 Americans has been much like pitting a college or high school track team against one representing a big athletic club. The talent may be there, but the athletes do not realize their own abilities, do not know the tricks of their trade and have not the confidence born of repeated successes.

CONFIDENCE BEATS LEISCH. Perhaps the most striking example of lack of confidence in the 1912 games was the defeat of Leisch of Pennsylvania in the high jump. Here was a jumper, according to virtually every American critic who saw the games, a man who unquestionably was the best athlete in the world. He had jumped inches higher than the Albanian, who was the winner, and he had counted the events as lost.

The event narrowed down to a duel between Leisch and Richards of America. The spectators were brought up almost to a frenzy of excitement, and collected, inured to the cheers of the crowd by similar experiences in America, easily cleared the bar. Leisch, facing a crowd of spectators, lost his nerve and failed.

Leisch was merely typical of the great run of European athletes. They were lacking the fire test for the first time, and they were not used to the pressure of the American youngsters. They have received their baptism of fire, however, and next year they will be better prepared to face the American youngsters.

Should the Federals succeed in gaining recognition as a third major league, it would mean a complete readjustment of organized baseball.

In fact, it might mean the passing of major leagues as far as general recognition as such is considered.

The fabric of organized baseball as now conducted was not designed to cover such a situation as a third major league would produce, and would fall apart like a piece of rotten cloth if the Federals gain that recognition.

If the Federals became a third major league, they would, under the present arrangement, be permitted to draft from class A teams. The impossibility of this is apparent when it is considered that the Federal League circuit in part parallels that of the International League, and American Association. Imagine the Baltimore Federal League club being permitted to draft players from the Baltimore club of the International League. Or the Kansas City Federals drafting players from the Kansas City team of the American Association.

And do you think that Los Angeles, San Francisco and Oakland would stand for Baltimore, Kansas City, Buffalo and Toronto drafting their players. They would not.

Possibly some means can be devised by which the Federals can be admitted into the fold as a third major league without causing organized baseball to crumble like a house of cards, but it is a task worthy of a master mind.

If the Federals are given an equal rating with the American and National leagues, it is no longer a question of the Federals being a third major league, but of the Federals being a third major league.

It is not the success of the Federals, but the very life of organized baseball as threatened, that is at stake.

It is not the success of the Federals, but the very life of organized baseball as threatened, that is at stake.

It is not the success of the Federals, but the very life of organized baseball as threatened, that is at stake.
